A determination has not been made whether the Master of Arts in Teaching in Secondary Education program meets state educational requirements for licensure or certification in California.

Colorado

A determination has not been made whether the Master of Arts in Teaching in Secondary Education program meets state educational requirements for licensure or certification in Colorado.

Connecticut

A determination has not been made whether the Master of Arts in Teaching in Secondary Education program meets state educational requirements for licensure or certification in Connecticut.

July 16, 2021

Delaware

A determination has not been made whether the Master of Arts in Teaching in Secondary Education program meets state educational requirements for licensure or certification in Delaware.

District of Columbia

A determination has not been made whether the Master of Arts in Teaching in Secondary Education program meets state educational requirements for licensure or certification in the District of Columbia.

Florida

A determination has not been made whether the Master of Arts in Teaching in Secondary Education program meets state educational requirements for licensure or certification in Florida.

Georgia

A determination has not been made whether the Master of Arts in Teaching in Secondary Education program meets state educational requirements for licensure or certification in Georgia.

Hawaii

A determination has not been made whether the Master of Arts in Teaching in Secondary Education program meets state educational requirements for licensure or certification in Hawaii.

Idaho

A determination has not been made whether the Master of Arts in Teaching in Secondary Education program meets state educational requirements for licensure or certification in Idaho.

Illinois

A determination has not been made whether the Master of Arts in Teaching in Secondary Education program meets state educational requirements for licensure or certification in Illinois.

Indiana

July 16, 2021

A determination has not been made whether the Master of Arts in Teaching in Secondary Education program meets state educational requirements for licensure or certification in Indiana.

Iowa

A determination has not been made whether the Master of Arts in Teaching in Secondary Education program meets state educational requirements for licensure or certification in Iowa.

Kansas

A determination has not been made whether the Master of Arts in Teaching in Secondary Education program meets state educational requirements for licensure or certification in Kansas.

Kentucky

A determination has not been made whether the Master of Arts in Teaching in Secondary Education program meets state educational requirements for licensure or certification in Kentucky.

Louisiana

A determination has not been made whether the Master of Arts in Teaching in Secondary Education program meets state educational requirements for licensure or certification in Louisiana.

Maine

A determination has not been made whether the Master of Arts in Teaching in Secondary Education program meets state educational requirements for licensure or certification in Maine.

Maryland

A determination has not been made whether the Master of Arts in Teaching in Secondary Education program meets state educational requirements for licensure or certification in Maryland.

Massachusetts

July 16, 2021

A determination has not been made whether the Master of Arts in Teaching in Secondary Education program meets state educational requirements for licensure or certification in Massachusetts.

Michigan

A determination has not been made whether the Master of Arts in Teaching in Secondary Education program meets state educational requirements for licensure or certification in Michigan.

Minnesota

A determination has not been made whether the Master of Arts in Teaching in Secondary Education program meets state educational requirements for licensure or certification in Minnesota.

Mississippi

A determination has not been made whether the Master of Arts in Teaching in Secondary Education program meets state educational requirements for licensure or certification in Mississippi.

Missouri

A determination has not been made whether the Master of Arts in Teaching in Secondary Education program meets state educational requirements for licensure or certification in Missouri.

Montana

A determination has not been made whether the Master of Arts in Teaching in Secondary Education program meets state educational requirements for licensure or certification in Montana.

Nebraska

A determination has not been made whether the Master of Arts in Teaching in Secondary Education program meets state educational requirements for licensure or certification in Nebraska.

Nevada

July 16, 2021

A determination has not been made whether the Master of Arts in Teaching in Secondary Education program meets state educational requirements for licensure or certification in Nevada.

New Hampshire

A determination has not been made whether the Master of Arts in Teaching in Secondary Education program meets state educational requirements for licensure or certification in New Hampshire.

New Jersey

A determination has not been made whether the Master of Arts in Teaching in Secondary Education program meets state educational requirements for licensure or certification in New Jersey.

New Mexico

A determination has not been made whether the Master of Arts in Teaching in Secondary Education program meets state educational requirements for licensure or certification in New Mexico.

New York

A determination has not been made whether the Master of Arts in Teaching in Secondary Education program meets state educational requirements for licensure or certification in New York.

North Carolina

The Master of Arts in Teaching in Secondary Education program meets the state educational requirements for licensure or certification in North Carolina.

North Dakota

A determination has not been made whether the Master of Arts in Teaching in Secondary Education program meets state educational requirements for licensure or certification in North Dakota.

Ohio

July 16, 2021

A determination has not been made whether the Master of Arts in Teaching in Secondary Education program meets state educational requirements for licensure or certification in Ohio.

Oklahoma

A determination has not been made whether the Master of Arts in Teaching in Secondary Education program meets state educational requirements for licensure or certification in Oklahoma.

Oregon

A determination has not been made whether the Master of Arts in Teaching in Secondary Education program meets state educational requirements for licensure or certification in Oregon.

Pennsylvania

A determination has not been made whether the Master of Arts in Teaching in Secondary Education program meets state educational requirements for licensure or certification in Pennsylvania.

Rhode Island

A determination has not been made whether the Master of Arts in Teaching in Secondary Education program meets state educational requirements for licensure or certification in Rhode Island.

South Carolina

A determination has not been made whether the Master of Arts in Teaching in Secondary Education program meets state educational requirements for licensure or certification in South Carolina.

South Dakota

A determination has not been made whether the Master of Arts in Teaching in Secondary Education program meets state educational requirements for licensure or certification in South Dakota.

Tennessee

July 16, 2021

A determination has not been made whether the Master of Arts in Teaching in Secondary Education program meets state educational requirements for licensure or certification in Tennessee.

Texas

A determination has not been made whether the Master of Arts in Teaching in Secondary Education program meets state educational requirements for licensure or certification in Texas.

Utah

A determination has not been made whether the Master of Arts in Teaching in Secondary Education program meets state educational requirements for licensure or certification in Utah.

Vermont

A determination has not been made whether the Master of Arts in Teaching in Secondary Education program meets state educational requirements for licensure or certification in Vermont.

Virginia

A determination has not been made whether the Master of Arts in Teaching in Secondary Education program meets state educational requirements for licensure or certification in Virginia.

Washington

A determination has not been made whether the Master of Arts in Teaching in Secondary Education program meets state educational requirements for licensure or certification in Washington.

West Virginia

A determination has not been made whether the Master of Arts in Teaching in Secondary Education program meets state educational requirements for licensure or certification in West Virginia.

Wisconsin

July 16, 2021

A determination has not been made whether the Master of Arts in Teaching in Secondary Education program meets state educational requirements for licensure or certification in Wisconsin.

Wyoming

A determination has not been made whether the Master of Arts in Teaching in Secondary Education program meets state educational requirements for licensure or certification in Wyoming.

American Samoa

A determination has not been made whether the Master of Arts in Teaching in Secondary Education program meets state educational requirements for licensure or certification in American Samoa.

Commonwealth of Northern Mariana Islands

A determination has not been made whether the Master of Arts in Teaching in Secondary Education program meets state educational requirements for licensure or certification in the Commonwealth of the Northern Mariana Islands.

Guam

A determination has not been made whether the Master of Arts in Teaching in Secondary Education program meets state educational requirements for licensure or certification in Guam.

Puerto Rico

A determination has not been made whether the Master of Arts in Teaching in Secondary Education program meets state educational requirements for licensure or certification in Puerto Rico.

U.S. Virgin Islands

A determination has not been made whether the Master of Arts in Teaching in Secondary Education program meets state educational requirements for licensure or certification in the U.S. Virgin Islands.
