FAFSA Missing Signatures

Thank you for submitting your FAFSA. In review of your FAFSA elements, it appears we may be missing one or more signatures. A missing signature can be from a contributor (parent), student or spouse. We are unable to complete a financial aid offer until the signature has been submitted. Signatures must be submitted online via FAFSA using the appropriate FSA ID and password.

- Log into your studentaid.gov account (student).

- Select "FAFSA Form" from the top menu, then "Complete the FAFSA form". This will allow you to enter the FAFSA portal.

- Select "Access Existing Form". This will bring you to the status of your FAFSA.

- You should see one of the following:
    - Action Required – indicates a correction is needed.

    - Processed – if you have recently submitted the signature, a processed result will be delivered to the school shortly.

*Note – a contributor (parent) signature will require the contributor (parent) to log into the FAFSA with their FSA ID and password.

If you have questions, please contact the Financial Aid Office at 252-398-6535 or email finaid@chowan.edu.
